STRUGGLE OVER WOOL AND SUGAR.

All schedules Will Remain Open Until the Final Agreement - Proposits of Each Side on Wool Duties-Penrose Telegraphed for Carpet Men.

Washington, July 14.—The repre semintives of the two house of congress, in the conference on the tariff bill. have been working hard on the sugar and wool schedules, and the best information obtainable is that a final agreement was not reached upon either.

Senator Platt (N. Y.), who has been misent most of the time since the bill went into conference, returned and was in close conference much of the time with Senator Quay.

The senate conferrees are ready to compromise the differences on first and second class wools by making them both dutiable at 11 cents and a compromise on third class wools has been surgested by house members of the conference, concerning which they expresent the hone that it will be satisfactory to both the woolgrowers and the carbot manufacturers, but this is not

This compromise proposition looks to fixing a rate of B cents a pound on all wool of a value less than 10 cents a pound; of 5 cents on wool valued at prove than 10 and less than 13 cents a nound and of 8 cents on that above 13 role a pound in value. This proposition was submitted to the representatives in the senate of both the woolprocess and the carnet manufacturers and both sides took the matter under Senator Penrose, repreenting the carpet men, telegraphed for some of them to come to Washington for conference.

The attempt of some of the house conferrees to secure an increased rate on skirt d wools has failed. The question of jure, inte bagging, burlaps, cotton langing and cotton ties which the senate placed on the free list, is still causing much trouble. The house conferrees insist that these items shall go back on the dutiable list, and the senate conferrees plead that if they are pur back delay must be the result in the

Beardslee's Instructions Broad Enough to Cover Any Emergency.

WASHINGTON, July 14 .- The Bennington, now on the California coast, is being fitted out to take the place of the old erniser Marion at Honolulu. Though there has been talk of sending the battle-hip Oregon to Honoialu to reinforce the Philadelphia, it is said, at the navy department that no such orders have en issued and it is more probable that she will be kept in the neighborhood of San Francisco in perfect condition and ready for sea orders at short notice Admiral Heardslee will soon be relieved t Honelula by Admiral Miller, if the latter now on his way home from Enghand on the Brooklyn does not ask to he relieved of his orders in view of his daughter's recent death.

It is said Admiral Beardslee has not been sent any orders recently. When he went out to Honolulu he was charged to maintain the status quo there, having in mind the fact that the president intended to submit an annexation That was befere there was any nica that Japan would lodge a protest and, though the admiral's orders hold good at this time, this explanation, it is elieved, will divest the fact of any hostile meaning towards Japan.

A REMINDER TO PINGREE.

An Incident of the Republican League Clubs Convention at Detreit. DETROIT, July 14 -The National Re-

publican League convention has a fair attendance of delegates for an "off year" in politics. Nearly all the states are represented, although the quotas of delegates are small in several instances. The absence of party leaders who are prominently identified with the administrative and legislative departments of the national and state governments is a conspicuous feature. The younger peonie are present.

The radical partisanship of the league men was illustrated in the fact that Mayor Maybury, a Democrat, was not invited to offer welcome to the delegates, Colonel H. M. Duffield having been selected instead by the local committee. In his address of welcome Governor Pingree voiced his wellknown opposition to favored corporations, while Colonel Duffield, who followed, took occasion to remind the governor, who had said that the hope the country was in the people, that the hope of the people is in the Republican party," and that, while it was easy to arouse a handclap against corporations, that the country could not live without them. The addresses of President Woodmansee and President Dingley of the Michigan League, son of the chairman of the ways and means committee, were enthusiastically received, and the convention adjourned early for the first day.

Last night's massmeeting in the con vention hall was entertained for the most part by extemporaneous speeches, Senators Hanna and Thurston and some of the others scheduled to appear, not

being present. The contest for the league presidency goes merrily on. Crawford of Ken-tucky and Fleitz of Pennsylvania each professes confidence in his election, while Pollasky of Chicago asserts he is still in the race, notwithstanding the Illinois delegation is not giving him united support.

The following telegram from President Mckinley to President Woodmansee was read : "I offer through you my heartiest

congratulations on the tenth annual convention of the Republican League and my continued best wishes for the increased usefulness and prosperity of this worthy organization.'

Today is also being held the convention of the Republican College League.

PERSUADED TO STRIKE. Schick Miners Went Out Without Being

Forced-Eastern Ohio Situation. WHEELING, July 14.-The expected trouble at the Schick mines, just west

of Bellaire, across the river, on account of the men there continuing at work at the 60-cent rate contended for by the strikers, did not occur. Large delegations of miners were to have met at Neff's siding to take action, but events that transpired made such a meeting unnecessary. Secretary Lewis of the Ohio miners organization, went to Schick's mine and andressed the working men. They listened to his arguments and have joined the strike. Manager Turnbull objected to the presence of Lewis on the company's property and for a time there was a prospect of trouble then and there, but Mr. Turnbull saw how things were going and said he did not care if his men did quit. These mines supply Baltimore and Ohio engines with fuel. The company will now be compelled to get its fuel from West Virginia, as Schick's was the only mine in Eastern Ohio that was running this week.

Matters are quiet in the mining districts along the three big coal carrying roads in Eastern Ohio. So far the operators have made no move toward running the mines with imported labor, which it has been said would be used in the event of the prolongation of the strike, and the strikers have not yet molested any of the coal trains passing through to the lakes from the Fairmont (W. Va.) field. Ex-United States Senator J. N. Camden of West Virginia nas been in Wheeling accompanied by Mr. Fickinger of the Monongah (Fairmont) mines. Their mission here is said to be to confer with Ohio consumers of coal who are drawing heavily from the West Virginia mines now be ing operated. They say that the strike has not yet reached Fairmont and do not anticipate that the efforts of the United Mine Workers' organizer to

bring the men out will be successful. NO ARBITRATION.

The Miners Refuse to Consider It-De-Armit's Terms.

PITTSBURG, July 14.—The arbitration commissioners held a meeting at the Sevenue Avenue hotel vesterday, which was attended by W. P. DeArmit, president of the New York and Cleveland Gas Coal company. The United Mine Workers are pay-

ing no attention to the board of arbi-The very fact that operators are willing to arbitrate the strike makes the

miners hold aloof from the proposition. The miners say that 69 cents a ton is not living wages and any operator who is human will not hesitate to grant it. Mr. DeArmit said "If the operators of the Pittsburg district will abolish their company stores; use a uniform screen, give honest weight, 2,000 pounds of coal for a ton; pay cash every two weeks, I will

leave it to any committee to settle the

price of mining and pay it, no matter how high, providing all my competi-tors pay the same price. Unless these conditions can be brought about I will not agree to abolish the contract with my men, nor can I afford to do so." number of Pittsburg operators have said they will not stand idly by and see West Virginia steal their contracts and they are preparing to start their mines and call on the governor for

The foreign relations committee of the senate is to meet today and Senator Davis, the chairman of the committee, said that he was going to try to secure a favorable report on the Hawaiian treaty at that meeting if a quorum could be obtained.

It is not the present expectation that the treaty of annexation will be taken up at this session, but a situation exists which may hasten the matter. It is believed that if the attitude of Japan toward Hawaii becomes more threatening it will force annexation at once, though the friends of annexation will not be in haste, unless developments render speedy action necessary.

KINGSTON, Jamaica, July 14.-Twelve Cubans, the last survivors of an insurgent camp in the province of Camagua, have reached Rio Nuevo in an open boat. They were in a terrible condition of exhaustion.

They deny that Gomez is dead. "The revolution," said Morena, one of the party, "is principally confined at the present moment to the Orient

BANK DIRECTORS ACCUSED.

A Petition In Court, Which if Sustained, Would Clear Cashier Gardner,

ALTOONA, Pa., July 14.-Judge Bailey of Huntingdon has heard a petition in this city, presented by the heirs of James C. Gardner, for permission to examine the books of the Second National bank of Altoona. James C. Gardner was on the bond of defaulting Cashier Harry Gardner, and the bank

is trying to collect from his estate. The petition alleges that Cashier Gardner is no defaulter, but that the bank's shortage was caused by legiti-mate losses and that the changes in those books were made with the knowledge and consent of the directors for the purpose of deceiving the bank examiner. The judge reserved his de-

A LAKE OF OIL

As Righ Grade as Pennsylvania Found In Alaska.

SEATTLE, Wash., July 14.—Some gold prospectors, several months ago, ran across, in Alaska, what seemed to be a lake of oil. It was fed by innumerable springs and the surrounding mountains were full of coal. They brought samples to Seattle and tests proved it to be of as high grade as any ever taken out of Pennsylvania wells.

A local company was formed and ex-perts sent up. They have returned on the steamer Topeka, and their report has more than borne out first reports. It is stated there is enough oil and coal in the discovery to supply the world. It is stated that the Standard Oil company has already made an offer for the property. The owners have filed on

REDUCED ARMOR PLATE PRICE. A Lively Debate In the Senate Occurred

WASHINGTON, July 14.—The price to be paid for armor plate for the three new battleships now in course of construction has been the theme of an extended and, at times, lively debate in the senate. An amendment to the deficiency appropriation bill was agreed to restricting the price of armor plate to \$300 per ton, or \$125 less than the amendment reported by the committee and recommended by the navy department as the minimum rate acceptable

to the armor contractors. Another amendment inserted in the bill directs the secretary of the navy to investigate as to the establishme of a government armor factory and to report to the next session of congress. During the debate Mr. Hale urged that the failure to equip the battle-ships with armor would humiliate the United States in the eyes of the world, and would lessen our naval power at a time of possible foreign complication. After inspecting the armor amendments, the deficiency appropriation bill, the last of the great supply measures, was passed.

SEVERE WORDS FOR RHODES. He Is Condemned For His Part In the Transvanl Raid.

LONDON, July 14.—The parliamentary South Africa commission that has been inquiring into the Transvaal raid has agreed upon its report. The Pall Mall Gazette publishes a

summary of the conclusions of the committee. The report will express an emphatic opinion that, whatever justification there might have been for action on the part of the people of Johannesburg, there was none whatever for Cecil Rhodes' conduct in subsidizing, organizing and stimulating an armed insurrection against the government of the Transvaal.

A heavy responsibility, according to the report, remains with Rhodes, despite the fact that at the last moment Dr. Jameson invaded the Transvaal without Rhodes' direct sanction. WAITING ON THE TARIFF.

The President Still Determined to Recommend a Currency Commission.

Washington, July 14.—Because some of the details of the order were not complete Secretary Bliss was unable to lay before the cabinet his proposition to revoke the order made by President Cleveland closing some of the pension agencies.

The currency commission message did not cause any discussion, because it is now understood that the president is settled in his determination to send it to congress and only awaits notice from the party leaders as to the time when this can be done without interfering with the program arranged for the disposition of the tariff bill.

"NO MORE DOCTORS FOR ME! said I was consumptive, sent me to They said I was consumptive, sent in the Florida, told me to keep quiet, no excitement, and no tennis. Just think of it. One day I found a little book called 'Guide to Health,' by Mrs. Pinkham, and in it I found out what ailed me. So I wrote to her, got a lovely reply, told me just what to do, and I am in splendid health now."

LYDIA E. PINKHAM'S Compound conquers all those weaknesses and ailments so prevalent with the sex, and restores per fect health. All Druggists sell it as a standard article, or sent by mail, in form of Pills or Lozenges, on receipt of \$1.00. For the cure of Kidney Complaints, either sex, the Compound has no rival.

Mrs. Pinkham freely answers letters of
inquiry. Enclose stamp for reply.

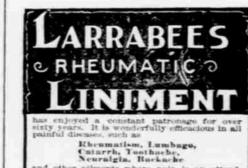

Send two 2-cent stamps for Mrs. Pinkham's beautiful 88-rage illustrated book, entitled "GUIDE TO HEALTH AND ETIQUETTE." It contains a volume of valuable information. It has saved lives, and may save yours. Lydia E. Pinkham Med. Co., Lynn, Mass.
